

AMENDMENTS TO THE SPECIFICATION

Please amend the paragraph beginning on page 11, line 12, as follows:

Aspects of the present invention may be implemented in combination with acquisition aids that guide a pointer to an alignment area. A more detailed explanation of a method, system, and computer-readable medium that guides a pointer to specific areas on a computer display may be found in commonly assigned, co-pending U.S. Patent Application No. _____ 10/829,127, titled System and Method For Acquiring a Target With Intelligent Pointer Movement, filed concurrently herewith, the content of which is expressly incorporated herein by reference.
